Summary

I am a self-taught front end developer specializing in React.js. I am dedicated to building my own projects to strengthen my skills and create engaging, responsive web applications. My goal is to utilize my React skills to develop engaging user experiences and contribute to innovative web projects.

Professional Experience

React Developer

- Developed responsive web applications using React.js.
- Developed and deployed multiple React.js applications on platforms like Netlify.

Key Skills

- Experienced in version control systems like Git.
- Proficient in React.js, JavaScript, HTML, CSS, and related libraries and frameworks.
- Strong problem-solving abilities and a passion for learning new technologies.

Skills

HTML5, CSS3, Bootstrap

Javascript, ReactJs

Git, Github

Education

Bachelors of Computer Science, University of Central Punjab

2021 Mar – 2025 Feb

Projects

BeatLab, (ReactJS)

I developed **BeatLab**, a modern music player utilizing React.js. This project shows my front end skills particularly in building responsive user interfaces and integrating audio playback functionalities.

Personal Portfolio, (ReactJS)

Weather Forecaster, (HTML5, CSS3, JS)

Extra Curricular Activities

Physical Activities:

Dedicated to maintaining a healthy lifestyle through regular workouts, including running, and weight training.

Sports and athletics:

Actively participate in team sports, including football, badminton, and cricket.
